

**a)** 27 tests/100k/day;  
one tertiary facility

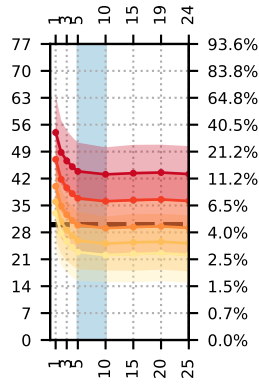

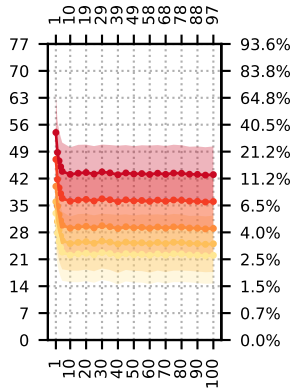

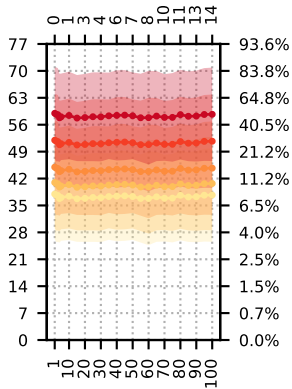

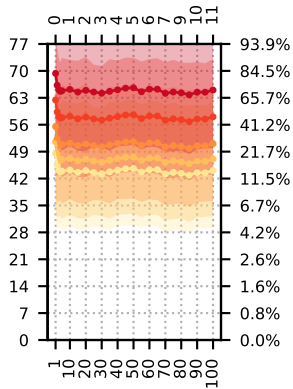

**b)** **100** tests/100k/day;  
one tertiary facility

**c)** 100 tests/100k/day;  
**25%** of tertiary facilities

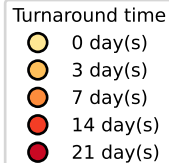

**d)** 100 tests/100k/day;  
25% of tertiary facilities

Mean no. of sequence per week (over a 90-day period for 1,000,000 persons)

No. of days since variant introduction

Circulating variant proportion

Proportion of positive specimens to sample for sequencing per day (%)
